THE LETTERMEN, Tony Bulata, Bob Engermann and Jim Pike, will present a concert

at the New Physical Education Building April 9, beginning at 8 p.m.

## Teeth Put Into Regulation To Control Campus Parking

Parking regulations are to be enforced this quarter by issuing tickets to students who violate them, according to Will K. Dickerson, director of physical plant.

Fines vary in price starting at \$1 and going as high as \$4. Severe cases may be turned over to the Administrative Council for final disposition, Mr. Dickerson said.

Tickets will be issued by campus officials, and the city police may be asked to help in cases of fast and reckless driving. Fines should be paid at the business office within 48 hours after the violation.

According to Mr. Dickerson, students who receive tickets that they think are unjust must present their reasons to Professor H. B. Smith, dean of students.

Mr. Dickerson said that the enforcement had not been too strong yet because they were giving students time to register their cars.

All cars operated on campus for longer than 24 hours must be registered at the business office. Registration is not complete until the stickers are attached to the lower right corner of the windshield, and information such as license numbers, etc. is turned in to the business office, according to Mr. Dickerson.

Surveys have been made, and it has been found that there are from 100 to 200 more parking

spaces than there are cars registered. The total number of cars registered is 858; 637 belonging to students and 221 faculty automobiles.

The money collected in fines is to be turned over to the ASA and would be used for a worthy cause.

Mr. Dickerson emphasized, "cooperation is requested and maybe there will not be too many tickets given."

## Whitehead Coming To Speak May 18

Don Whitehead, internationally known newspaperman and now a free lance writer, will address the University of Tennessee Martin Branch student body May 18 at 10 a.m.

Mr. Whitehead is a two-time Pulitzer Prize winner for foreign and domestic newspaper reporting, recipient of the Medal of Freedom Award by the U. S. Army as war correspondent in World War II, author of "FBI Story, Journey Into Crime," 1960.

He is a former student of Vice President Paul Meek in the public schools in Harlan, Kentucky, where Whitehead began his distinguished newspaper career. In a recent public address, Mr. Whitehead mentioned Vice President Meek as one of the men who had influenced his life.

attorney play important roles, said the director, because their effectiveness may determine the jury's decision. These parts are played by J. T. Patterson and Gene Treadway. The conflict between Karen Andre and the widow of the murdered man, played by Carol Barber, creates suspense as they both disprove the other's testimony.

For the first time in Vanguard's history, faculty members are included in the cast. Richard Gogue, chemistry professor; Bill Nace, Wesley Foundation director; and Maurice Bugg, laboratory assistant in biology, will appear as witnesses during the trial, commented Mr. Robison.

Others in the cast who serve as witnesses and courtroom personnel are Sam Nailling, Tom Rhodes, Joyce James, Judy Bishop, Jim Horde, Glenn Sammons, Marianne Hendrix, Nancy Barber, James Helton, Lynette Tabor, Wren Nunn, Evelyn White, Jeannie Alexander, June Weaver, and Joe Cothran.

## Architect Chosen To Draw Up Plans For Student Center

An architect has been chosen for the new student union building, Vice President Paul Meek said today.

Since his selection has not been officially announced, the architect's name cannot be disclosed yet.

He has been given a list of what is wanted in the building, and communications are now under way with university officials to exchange ideas and opinions. The critical point under discussion is what percentage of the total square footage (50,000 sq. ft.) can be allocated as net service area. The business manager and the director of physical plant facilities are expected to be in Knoxville this week to work with Malcolm Rice, the university architect, and other officials to further develop plans for the center.

The formation of detailed plans will require about three months. The specifications should be ready by mid-summer, and it is hoped that a new student center will be ready for use by the fall of 1965.

## Work On Stadium Showing Results

All of the footings for the new University of Tennessee Martin Branch football stadium and approximately one-third, about 15, of the columns have been poured, according to Will K. Dickerson, director of the physical plant.

The present construction on the stadium is slow; therefore, rapid developments cannot be observed.

The pre-stressed concrete forms upon which the wooden bleacher seats will be fastened are being poured in Milan. When completed they will be transported to the UTMB stadium site and erected on the columns.

It is expected that the stadium will be completed by the latter part of June or early July.

## Dormitory Visitation Limited To Seniors

Dormitory visitation during Open House, April 9, is limited only to visiting high school seniors, according to Miss Sibyl McDonald, dean of women.

Every college student is expected to act in accordance to this rule and if it is broken, the student will be subject to dismissal from the university.

## UTMB Students And Faculty Will Be Open House Hosts

A total of 1500 high school seniors will be guests of the student body and faculty at the annual Open House, April 9, on the University of Tennessee Martin Branch campus.

The high school seniors and special guests, representing 44 high schools in 35 counties in West and Middle Tennessee, will begin registration at 8:15 a.m. in the new Physical Education Building.

## ASA Works Hard To Sell Tickets For 'Lettermen'

Members of the All Students Association Council are selling tickets for the performance of The Lettermen, to appear on The University of Tennessee Martin Branch campus this Thursday evening, April 9.

The ASA is sponsoring the event and the concert will be given in UTMB's new Physical Education Building at 8 p.m.

The Lettermen, considered by many as one of America's most popular campus attractions, have performed before top night club audiences from Hollywood and Las Vegas to New York. They have appeared before television audiences on the Ed Sullivan, Red Skelton, Bob Newhart, Johnny Carson, Steve Allen, and Doble Gillis Shows. The Lettermen were guests on The Jack Benny Show Tuesday night, March 31.

The lettermen blend their voices on old standard ballads in combination with today's new instrumentation. They sing folk songs, old songs, and new songs, but always in their own particular style.

A program similar to this has long been in demand by the student body at UTMB and will be a highlight of spring quarter, according to David Stroud, ASA president.

Tickets are \$2 for general admission and \$2.50 reserved.

During the morning, UTMB students serving as guides will conduct tours through the different buildings on campus. Here the visitors will have the opportunity to examine special exhibits prepared by the different departments.

Following the tour, the students will assemble in the basketball arena of the Physical Education Building for a program and box lunch.

After a welcoming address by Dr. Paul Meek, vice president in charge of UTMB, the group, will be entertained by special groups of UTMB students.

UTMB's Choralairs, singing group, will present series of musical numbers, and the physical education groups will give exhibitions of folk dancing and acrobatic stunts. The Grenadiers, UTMB's ROTC drill team, will conclude the program with a special performance.

The high school seniors will have the afternoon to hold conferences with the different department heads.

The annual Open House day will be climaxed with a program featuring The Lettermen, a vocal group. This program will be held in the new Physical Education Building at 8 p.m. Tickets are available at \$2 for general admission and \$2.50 for reserved seats.

UTMB students are requested to leave their cars parked to provide space for visitors.

## All Singers Beat Rainy Night And Put On Stellar Performance

All-Sing staged what many considered its biggest and best production of the three years in which the Liberal Arts Club has sponsored the event Friday night, despite the rainy weather.

First place trophies were presented to Alpha Tau Omega, fraternity division; Women's Residence Hall, dormitory division; Student National Education Association, clubs and organizations; sophomore class, class division and Chi Omega, sororities.

The fraternity winners sang "Five Foot Two," "Oh You Beautiful Doll," "You Must Have Been A Beautiful Baby," and "A Pretty Girl." J. T. Patterson directed the group.

First place women's residence hall group sang "Lady of Spain" and "If I Could Tell You."

"This Land Is Your Land" and "Cruel War" were the choices of the trophywinning SNEA group.

The sophomore class, directed by Russell Duncan, student welfare officer sang "Good News" and "Swing Low Sweet Chariot," to capture their first place.

Chi Omega sorority, the only group to win three years in succession and gain full possession of the division trophy, harmonized their way to victory with "Harbor Lights," "Ebb Tide" and "Moonlight Bay."

Master of ceremonies for the occasion was E. Shaw Robison, UTMB assistant professor of public speaking, who also entertained with an act between divisions which almost stole the show.

Other entertainment between competing groups was given by The Choralairs, Doug Biggs, and The Faculty Men's Quartet composed of J. C. Henson, Russell Duncan, H. B.

Smith and Wayne Tansil.

The Squires, a popular UTMB trio composed of Taylor Johnston, Tommy Duncan, two former UTMB students, and George Shankle made a surprise appearance.

All Sing 1964 was under the direction of Andy Gardner.

## Information Available On Advanced ROTC

All UTMB students interested in entering the advance ROTC program at UTMB next fall (if obtained) and those students planning to enter the program at UT-Knoxville or another college should report to the ROTC office

## Military Department Inspection Is April 7

The Military Department was scheduled to have its annual formal inspection today, Tuesday April 7.

The corp of cadets were to conduct a dress parade at 1 p.m. on College Field. Inspectors were to include Colonel S. J. Boyles of Wake Forest and Lt. Colonel D. J. Coleman of North Carolina State

## Chi Omegas Take First In Grades

Chi Omega was top sorority in grades with an average of 2.84 and Phi Sigma Kappa led fraternities with 2.48 for winter quarter, according to Dean H. B. Smith.

Zeta Tau Alpha sorority was second with 2.75 and Alpha Delta Pi third with 2.5.

Pi Kappa Alpha and Alpha Gamma Rho tied for second with 2.34. Alpha Tau Omega ranked 2.32.

## 'Night Of January 16th' Scheduled For April 15-17

BY ANDREA JONAS

Have you ever served on a jury? If not, you will have an opportunity to do so April 15-17 when Vanguard presents its unique courtroom drama "Night of January 16th," according to Shaw Robison, director.

The first of two plays to be produced this quarter, "Night" is unusual in several ways. First of all, it is a courtroom trial; second, the outcome of the trial will remain unknown even to the cast until the verdict of the jury is pronounced; and third, the jury is taken right out of the audience on the nights of performance. The play has two endings, one for a verdict of innocent, and the other to fit a verdict of guilty. Each person who attends a performance will be eligible to be a juror because the jury will be selected at random from the audience each night, Mr. Robison said.

The trial revolves around Karen Andre, played by Cheryl Stegall, who is accused of murdering her employer. The District Attorney and the defense

## Events Make Lively Week

Two very big events are happening on the UTMB campus this week.

Open House, the annual day on which citizens of the college community are hosts and hostesses to visiting high school seniors, prospective UTMB'ers, as they explore, examine, and evaluate our university is this Thursday, April 9.

Climaxing Open House day is another major campus event, the appearance of the well known Lettermen trio in concert, sponsored by the All Students Association. "Big name" entertainment has been in demand for a long time by UTMB students. Now ASA officers and council members have worked hard, making the arrangements for this group's appearance. They have done all they can; the rest is up to us, the UTMB student body. We are the ones who will determine whether or not the Lettermen concert is a success or failure.

A few things are certain: The Lettermen are worthy of being called "big name" entertainment; their records have sold in the millions and they have made numerous personal and TV appearances. They will furnish entertainment of a very high caliber.

Also certain is the fact that if we do not support them and our ASA by attending Thursday night's performance this will be the last time for a long time that ASA and the UTMB administration will stick their neck out for us. We must give this venture our wholehearted and complete support if we expect to begin a chain of "big time" entertainment events in the future.

## Women's Rifle Team Closes First Season Undeclared

The University of Tennessee Martin Branch Women's Rifle Team ended the '63-'64 season undefeated Saturday, February 29, with a win over the University of Mississippi Women's Rifle Team here.

This was UTMB team's second consecutive win over the Ole Miss coeds. They ended the season with a 4-0 mark. Other victories were over U-T Knoxville on their range, and the University of Maine (a postal match).

Patricia McAlpin had the high average for the season and out shot many on the Varsity (men's) team. Other members of the team were Joyce Campbell and Julia Lewis.

Each of the girls lettered in rifle marksmanship and received a trophy for her achievements. The trophies were presented by Vice President Paul Meek at a recent Rifle Team Banquet.

SFC Milton Jackson, Rifle

## Students Will Present Vocal Recital April 13

A student recital will be given Monday, April 13 at 8 p.m. in the Music Building.

David Warren, Bill Hathcock, Archie Wolfe, J. T. Patterson, Ross Via and Gall Parks, vocal students of Miss Fulton, will present the program.

team coach, has announced that try-outs for the 1964-65 Women's Team will begin April 10.

All women students interested in participating in our women's marksmanship program should contact me on or before April 10," Sfc Jackson stated. However, it was emphasized that the try-outs period would be extended into the fall quarter.

## Charles Edwards Gets Assistantship

Charles Thomas Edwards has accepted a graduate assistantship in the Department of Chemistry at The University of Tennessee, Knoxville, Dr. Norman Campbell, dean of instruction, has announced.

Mr. Edwards will assume his duties in Knoxville June 15. During the current school year, he has served as laboratory assistant in chemistry at The University of Tennessee Martin Branch.

Mr. Edwards, who graduated with High Honors, received the bachelor of science degree from UTMB in the spring of 1963. He also is listed in the 1963 Who's Who in American Colleges and Universities.

He is the son of Mrs. Aileen Edwards of 204 Summer Street, Martin.

## ROTC Rifle Team Posts 3-8 Season

The University of Tennessee Martin Branch Volunteer Rifles completed the first season as a Varsity Team at Missouri School of Mines this past week end.

Matches were also fired against the University of Mississippi, Florence State College, University of Tennessee, Murray State, and University of Puerto Rico (postal).

The mixed team had three wins and eight losses. The girls firing separately fired for four wins and no losses.

## ROTC Students Attend Fort Campbell

A highlight of the spring vacation was a special orientation visit to Ft. Campbell, Ky. by 30 University of Tennessee Martin Branch ROTC students.

Cadets of the university spent a day and a half at the installation. They visited units of officers who were recently commissioned from ROTC and were given to several demonstrations.

## Education Majors Student Teach In Eight Centers

Forty-two students in the Education Department of the University of Tennessee Martin Branch are now working on their student teaching requirements at several teaching centers, according to Dr. Glenn S. Gallion, department head.

Miss Louise Hunt and Professor James Hadden are directors of the student teaching program.

The students at the centers and their endorsements include:

Martin - Grafton Dodd, Thomas Johnson, social studies; Mary Estelle Douglas, Bernice Reherd, English; Charles Harding, mathematics and physical sciences; Priscilla Bone, Jenny Forrest, Barbara Gray, Marsha Mitchell, elementary education.

Weakley County Training School - Beverly Polk, elementary education.

Union City High School - Joyce Cook, Sandra Jones, Joan Prichett, English; Sandra Cooke, Natural Science; Jerry Dindwiddle, Larry Edmundson, Social Studies; Betty McCollum, Brenda Morris, Biological Science.

## Safley Tells ASA Growing Knowledge Challenges Youth

Knowledge will more than double during the period 1960 to 1967, Jesse Safley told members of the All Students Association at their annual Spring Retreat Saturday evening, April 4, at Paris Landing.

Mr. Safley, an alumnus of U-T, director of public relations for the Nashville Chamber of Commerce and Farm Editor of the Nashville Banner, told the ASA group in an after dinner speech that in order to meet this challenge, the college graduate would need attributes of character applicable to the five stones which David selected to subdue the giant Goliath.

Symbolically, the five stones used represented having concern for others, being yourself, having gratitude, realizing there is something greater than you, and having faith and trust in God.

During the business session, representatives from the various clubs and organizations made reports on the accomplishments during the last school year. The point system which would keep one individual from having too much work of a load and allow more students to participate in student government, was discussed at length and the consensus of the group was to refer it back to the committee for revision.

Entertainment was provided by Mr. and Mrs. Ellis West, Shaw Robison, Polly Beth Crawford, Linda Rogers, Martha Lee Woods, and John Argo, Chip Woodward and Lowell Crane. The latter three gave impersonations of The Lettermen. The retreat ended with dancing.

# CLUBS AND ORGANIZATIONS

## Pikes Sponsor Panhellympic Day For Campus Sororities

Plans are being made by Pi Kappa Alpha Fraternity for a Pike's Panhellympic Day.

There will be various contests, including a mud pie throwing match in which the coeds will have a chance to demonstrate their skill and marksmanship.

A trophy will be awarded to the sorority having the most overall points in the competition. This is to become an annual affair.

Another activity which the fraternity hopes to make annual is the Casino rush party. This quarter with the assistance of Harold's Club in Reno, Nevada, the brothers and rushees wheeled and dealt to the sound of falling chips and play money.

### BSU

Margaret Simrell has been selected president of the Executive Council of the Baptist Student Union for spring quarter through winter quarter 1965.

Other council members are Dan Blair, vice-president; Joy Call, secretary; Glenda Booker, enlistment chairman; Tricia Currie, devotional chairman; Jenny Vick, social chairman; Ross Via, music chairman; Peggy Smith, student center chairman; Joy Penick, YWA representative; Eddie Carter, Sunday School representative; Bill Elinor, missions chairman; Ricky Poehlein, publicity chairman; and Joel Arant, Training Union representative.

The annual BSU spring banquet will be held April 10 at 6:30 p.m. at the center. The theme will be "April Showers of Blessings."

Everybody enjoys farm work in Europe

## WORK IN EUROPE

Resort, sales, lifeguard and office work are examples of thousands of summer jobs available in Europe to every registered student. No experience or foreign language is required and travel grants are given to all students. Wages range to \$400 a month. For a complete prospectus with photos, job and travel grant applications, a \$2 cash book coupon, handling and airmail charges send \$2 to Dept. R, American Student Information Service, 22 Ave. de la Liberte, Luxembourg City, Grand Duchy of Luxembourg.

### Alpha Tau Omega

Four new brothers were initiated into the Zeta Pi Chapter of Alpha Tau Omega on Sunday, April 5. There are Bill Hayes, Jerry Moore, Albert Redmond, Alvin Thurman.

Traditional church services were held at Central Baptist Church.

The brothers of Zeta Pi have welcomed John Keaton from Tennessee Pi, Knoxville, as an affiliate member.

Howell Wayne Todd, chapter president, and Louis Crawford, treasurer, will be official representatives of Zeta Pi at the annual conference to be held at West End, Grand Bahamas. Several other chapter members will also attend the conference. Zeta Pi was glad to learn

that Charles Edwards, an alumnus of this chapter was granted an assistantship at U-T Knoxville.

### Church of Christ

Joe Coffee has been elected student group leader for the Church of Christ Student Group.

Other officers are Larry Speight, group leader-elect; Ann Freeman, secretary; Joyce Tallent, bulletin reporter; and Patsy Griffin, Volute reporter.

Brother Roger Fisher from Union City spoke to the Church of Christ Student Group Monday night, March 30.

### Alpha Gamma Rho

Larry Davis has been elected noble ruler of Alpha Upsilon chapter of Alpha Gamma Rho fraternity for the coming year.

Other officers elected are Mack Jones, vice noble ruler; O. L. Robertson, secretary; Robert Wright, treasurer; Raymond Dodds, house manager; Robert Counce, reporter; Buddy Mitchell, alumni secretary; Larry Bates, chaplain and Eddie Beville, usher.

The newly elected officers will serve for a year starting this spring quarter.

Four new brothers initiated into the fraternity this quarter are Jerry Brigrance, Russell Cox, Reeder Martin, and Larry Phillips.

### Ag Club

Larry Homesley has been elected president of the Ag Club for spring quarter.

Other officers for the quarter are Wayne Davis, vice president; Ross Via, secretary; Charlie Dover, reporter; Kenneth Carr, critic and Bill Whitworth, sergeant-at-arms.

### SNEA

Paul Young has been elected president of the Student National Education Association for 1964-65.

Other officers elected are

Mike Snow, first vice president; Brenda Garner, second vice president; Sandra Bullington, third vice president; Lina Wells, secretary; Tommie Pace, treasurer;

Gail Parks, reporter; Betty Webb, publicity; Mackie Hughes and Linda Bumgardner, bulletin boards; Charles Williams, ASA representative; Janice Sue Fields, annual representative.

## Recreational Swimming Periods Are Scheduled

The Department of Physical Education announced RECREATIONAL SWIM PERIODS for spring quarter 1964.

Each Tuesday the pool will be open from 5 to 6 p.m. Saturdays facilities will be available from 2 to 3:45 p.m.

## On Campus

with Max Shulman

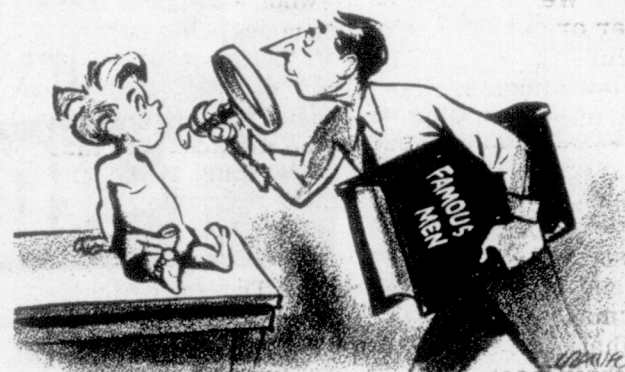

(Author of Rally Round the Flag, Boys!" and "Barefoot Boy With Cheek.")

### WELL-KNOWN FAMOUS PEOPLE: No. 1

This is the first in a series of 48 million columns examining the careers of men who have significantly altered the world we live in. We begin today with Max Planck.

Max Planck (or The Pearl of the Pacific, as he is often called) gave to modern physics the law known as Planck's Constant. Many people when they first hear of this law, throw up their hands and exclaim, "Golly whiskers, this is too deep for little old me!"

(Incidentally, speaking of whiskers, I cannot help but mention Personna Stainless Steel Razor Blades. Personna is the blade for people who can't shave after every meal. It shaves you closely, cleanly, and more frequently than any other stainless steel blade on the market. The makers of Personna have publicly declared—and do here repeat—that if Personna Blades don't give you more luxury shaves than any other stainless steel blade, they will buy you whatever blade you think is better. Could anything be more fair? I, for one, think not.)

*Max showed no indication.....*

But I digress. We were speaking of Planck's Constant, which is not, as many think, difficult to understand. It simply states that matter sometimes behaves like waves, and waves sometimes behave like matter. To give you a homely illustration, pick up your pencil and wave it. Your pencil, you will surely agree, is matter—yet look at the little rascal wave! Or take flags. Or Ann-Margret.

Planck's Constant, uncomplicated as it is, nevertheless provided science with the key that unlocked the atom, made space travel possible, and conquered denture slippage. Honors were heaped upon Mr. Planck (or The City of Brotherly Love, as he is familiarly known as). He was awarded the Nobel Prize, the Little Brown Jug, and Disneyland. But the honor that pleased Mr. Planck most was that plankton were named after him.

Plankton, as we know, are the floating colonies of one-celled animals on which fishes feed. Plankton, in their turn, feed upon one-half celled animals called krill (named, incidentally, after Dr. Morris Krill who invented the house cat). Krill, in their turn, feed upon peanut butter sandwiches mostly—or, when they are in season, cheeseburgers.

But I digress. Back to Max Planck who, it must be said, showed no indication of his scientific genius as a youngster. In fact, for the first six years of his life he did not speak at all except to pound his spoon on his bowl and shout "More gruel!" Imagine, then, the surprise of his parents when on his seventh birthday little Max suddenly cried, "Papa! Mama! Something is wrong with the Second Law of Thermodynamics!" So astonished were the elder Plancks that they rushed out and dug the Kiel Canal.

Meanwhile Max, constructing a crude Petrie dish out of two small pieces of petrie and his gruel bowl, began to experiment with thermodynamics. By dinner time he had discovered Planck's Constant. Hungry but happy, he rushed to Heidelberg University to announce his findings. He arrived, unfortunately, during the Erich von Stroheim Sesquicentennial, and everyone was so busy dancing and duelling that young Planck could find nobody to listen to him. The festival, however, ended after two years and Planck was finally able to report his discovery.

Well sir, the rest is history. Einstein gaily cried, "E equals mc squared!" Edison invented Marconi. Eli Whitney invented Georgia Tech, and Michelangelo invented the ceiling. This later became known as the Humboldt Current.

Among those reporting for spring practice Monday were the men who will make up the fullback contingent on the 1964-65 UTMB Vol football team. Furnishing power and weight

to the running attack will be (l. to r.) Bill Burnette, 235; Joe Roberts, 210; Ray Geddings, 190; David Moore, 185; Marvin Hudson, 198.

## Six More Get Grants-In-Aid To Play Football At UTMB

Six more boys, two from Illinois, two from Florida and two from Ohio have signed grants-in-aid to attend the University of Tennessee Martin Branch next fall on football scholarships.

Quarterback Alfred Bucina and tackle Donald Gilbert, both of Chicago, were recruited by end coach Ross Elder and head coach Robert Carroll signed Robby Trout and Allen Cox, an end and quarterback. Trout is from St. Petersburg and Cox hails from Ft. Walton Beach. The two Ohioans are Richard Bolock, tackle from Tiptonville and Steven Kurko, fullback from Bellaire.

Bucina will graduate from Holy Trinity High School in May. Cited by Coach Elder for his speed on the 100, 10.3 seconds, and for his passing ability, he also said that Bucina punted well. The 6-0, 175 pound senior was recently selected as All-Northern Illinois.

Gilbert, a stocky 5-9, 210 pound tackle, graduated last January from Schurz High School. Said to be one of the fastest linemen in the Chicago area, he received All-State honors last season along with those of All-Northern Illinois, and All-City.

Bolock, who attended Warren Consolidated High was first team lineman for three years.

Cox, a 5-9, 169 pound quarterback, led his team to the conference championship last

season. Coached by Bob Wekking, he was considered one of the top passers in his league last season.

Trout attended Dixie Hollins High School in St. Petersburg. During his career, the 6-2, 218 pound senior was All-City, All-County and All-Conference.

Kurko, who was cited by UTMB end coach Ross Elder as "a potential Bobby Fowler", played for Bellaire High and was a stand-out there for three years.

## Spring Football Practice Begins

Spring football practice, after getting off to a good start last week, has now been set behind schedule.

UTMB's coaches had planned to have a short scrimmage some time during the weekend, but Friday's steady downpour of rain caused postponement until Saturday. However, the grounds were just too soft even then to have any type of practice.

The rain held on all day Sunday and again dampened hopes for resuming practice.

## Athletics Turns To Spring Sports

Spring sports at UTMB are now underway with the baseball and tennis teams playing games during the past few days.

Last Thursday the Vols baseball team fell as David Lipscomb pushed across a run in the last of the eighth to break a 4-4 tie and hand the Vols a 5-4 defeat in their opening game.

On Monday the tennis team traveled to Jackson to meet the Lambuth Eagles.

Other games this week will include Belmont College in a tennis match at Nashville Friday, April 10. On Wednesday and Saturday of this week the Vol baseballers will meet Belmont and Bethel respectively. The golf team of UTMB will go with the tennis team to Belmont Friday, and the Vol tracksters will face Austin Peay on Saturday, April 11, at Clarksville.

Golf coach Grover Page has recruited seven boys for this year's golf team. His first engagement will be with Belmont and then following will be Austin Peay on April 10 here at Martin. Belmont will come to UTMB on the first day of May, and then on the 4th, the Vols will travel to Clarksville.

Coach Ross Elder's track team has scheduled seven meets of which two are invitationals and one is the VSAC playoff.

## Women's Intramurals Swing Into Round Spring Events

BY VENDA POOLE

Spring quarter has brought about a radical change in intramural team standings. The combined points of both the men and women's teams find Yellow team in first place with 1437 points, Blue team second with 1346, Black team third with 1028 points. Other team standings are Green 1020, Brown 1013, Orange 985, Red 957, and White 865.

Going into the last stretch in the race for trophies and letter awards, we have Linda Rogers, Blue, 107 points; Helen Cochran, Brown, 95 points; Carol Warmbrod, Red, 93 points; Jan Lane, Green, 72; Tommie Pace, Blue, 71; Betty Webb, Yellow, 70; Lucy Lowry, Red, 69; Emily Pyron, White, 66; Kay Roberts, Brown, 62; Beverly Chandler, Green, 62;

Terry Culvahouse, Orange, 61; and Jane Burchfiel, Black, 61.

Trophies will be awarded to the high point freshman and the high point junior woman. As before, the sophomore woman with the most intramural points from her freshman and sophomore years combined, and the senior woman with the highest number of points from her junior and senior years receive a "T". A trophy will be given to the sorority with the most points. Sorority standings thus far find ZTA on top with 1455 points, Chi Omega second with 935 points, and ADPi third with 833 points.

The team sport for the quarter is softball, and the tournament began Monday, April 6, with Yellow playing Black. All games will be played on the grounds at the old gym.
